VOL. 56 — NO. 44

Observations... From Around Town

(BY JAY WHOZIT)

Don't forget, Tuesday, November 4th is General Election day in Mississippi, and also the day on which our state will elect a successor to the late Senator Theodore G. Bilbo, and we want to say here and now that we think Bill Colmer is the best and most qualified man in the race, so don't forget to vote on Tuesday.

Bay High School and St. Stanislaus football teams both won their games last week, and here's hoping their success continues through the balance of their schedules. . . . the newly organized American Legion Auxiliary met on last Monday evening, October 27th and elected Mrs. Lauren Dickson as their president, a complete list of the officers elected appears elsewhere in this issue. . . . today is the last day to get your automobile license tag without paying damages, which will be 25% after today, better get yours now. . . . seeing the first passenger train in thirty-five days, go through Bay St. Louis on last Friday morning was quite an event. . . . realizing this the Chamber of Commerce had a large delegation accompanied by the Stanislaus Band and many townspeople out at the station to meet the first train, which carried aboard it Mr. J. B. Hill, president of the L. & N. Railroad and several other prominent officials who were overwhelmed at such a display of cooperation and appreciation. . . . the congregation and friends of the First Baptist Church will observe their opening service in their new church building, which has been in the course of construction for the past three or four months, on this Sunday, November 2nd, and cordially invite all their friends to attend. . . . published elsewhere in this issue is the budget of the City of Bay St. Louis for the fiscal year, October 1, 1947-September 30, 1948 showing proposed expenditures and also giving the new tax levy of 43 1/2 mills for 1947-48, an increase of 5 1/2 mills over last year. . . . citizens of Waveland are planning a general fair to be held in the vicinity of Coleman Avenue on November 15-16, proceeds of which will be used to defray part of the expense of rehabilitation of public property in the town. . . . this is a worthy cause and deserves the cooperation of all. . . . Dr. Felix J. Underwood, of the State Board of Health, has been appointed chairman of the Mississippi drive of 1948 March of Dimes, the 11th consecutive year that he has been appointed to head this drive for funds to fight Polio. . . . work by the U. S. Engineers on the temporary beach roadway is progressing rapidly and the road should be ready for use within the next week or so. . . . the Fall term of Chancery Court for Hancock County, with Chancellor D. M. Russell, presiding, will convene in Bay St. Louis on Monday morning, November 3rd. . . . for the benefit of those who, do not know, garbage is now collected on Tuesdays and Fridays so get yours out so that it will not accumulate and decay.

Other matters were brought before the meeting, and many suggestions made, all of which centered on the best way to rehabilitate the people and place the Beach Boulevard in such condition so as to afford safe passage to all vehicles at all times.

The following committee was named to solicit financial aid in order to carry out improvements suggested by the organization: Garfield Ladner, Mayor; Joe Colson, Rev. M. J. Costello, J. N. McConnell, Lindell Carrey, Edward P. Phillips, Dr. G. C. Battalora, D. E. Wilcox, H. T. Carr, Col. C. E. Becker, Mrs. Hugh DeValin, C. M. Fleming, Mrs. C. Kierman and J. T. Prowell.

Ducks and Geese Reported

Of special interest to sportsmen in this area is the large numbers of ducks and geese reported in the marshes. Several people have reported that they have already seen more wild fowl this year than was seen all of last year.

Dove shooters report quite a few doves, but not enough as yet for a good hunt. The latter part of the season should furnish good dove hunting.

Squirrels are said to be scarce, with few being seen anywhere.

WELCOME EXTENDED OFFICIALS OF L. & N. R. R.

Train No. 4 Carrying Private Car of J. B. Hill, President, and Other Officials Met by Business Men, City and County Officials and People Of Bay St. Louis

As train number 4 of the Louisville and Nashville Railroad Company rolled into Bay St. Louis last Friday, October 24th., on the first run of a passenger train out of New Orleans to Bay St. Louis since September 19th., President J. B. Hill of the L. & N. and other officials of the road were extended a hearty welcome by the people of Bay St. Louis.

At the instance of Howard W. LeTissier, President of the Hancock County Chamber of Commerce, City and County officials and the people of Bay St. Louis were called late Thursday evening and Friday morning to gather at the depot to extend a welcome and to express a word of congratulation and thanks to the railroad, officials and their workmen, who did such a splendid job of restoring service over their line, in such a short time.

A marvelous job was done in replacing the railroad bridges that had been practically destroyed and replacing about thirty five miles of track and fill that had been washed away between Waveland and New Orleans and Mr. Hill was told by Mayor Blaize, Mr. LeTissier and Brother Peter, President of St. Stanislaus and many of the business men of Bay St. Louis how deeply they appreciated the efforts put forth that brought about the restoration of train service so rapidly.

Mr. Hill and his fellow officials were elated at the reception given them at Bay St. Louis. Throughout the entire trip recordings were made which were broadcast over Radio Station WDSU on Friday Evening.

At the station Mayor Blaize made a short recording and as the train pulled out Mr. Hill took over the microphone as he viewed the crowd there to extend their welcome.

The train was delayed for about an hour on its trip from New Orleans however the crowd did not grow impatient. It actually reminded us of old times when the railroad was the only method of transportation in and out of Bay St. Louis.

Aboard the train in addition to Mr. Hill, were John T. Tilford, Executive Vice President; Sidney Smith, Vice President in charge of Legal Affairs and General Counsel, L. L. Morton, Vice President C. L. Blackman, Chief Engineer and M. C. Browder, Secretary; G. T. Stanley, General Passenger Agent and Clark Shumaker, Division Passenger Agent. Music for the occasion was furnished by the Stanislaus Band under the direction of Brother Romuald.

Townsend Wolfe Dies Suddenly, Buried in New Orleans on Thursday

James Townsend Wolfe died suddenly at his home at 349 Main Street at 5 o'clock A. M. Wednesday, Oct. 29th.

From all outward appearance Mr. Wolfe was in perfect health, and on Tuesday he and Mrs. Wolfe spent the day in Pascagoula, where he had to attend to business for the Maryland Casualty Company which he represented on the Gulf Coast. When they reached home on Tuesday evening, Mrs. Wolfe says that he ate a hearty meal, and later they retired. In the early morning he awakened her and complained of having indigestion. She says that he suffered very often with this complaint and that she was not alarmed and gave him his medicine which he kept for this purpose, and that within five minutes of that time she noticed that his condition was growing worse. She called her children, the doctor and Monsignor Gmelch, and he died within a few minutes.

Funeral services were held from the Fahey Funeral Home on Thursday morning, with a requiem Mass at the Church of Our Lady of the Gulf at 8:30 A. M. and from there the remains were taken to New Orleans by hearse and interred in Greenwood Cemetery.

Mr. Wolfe was the son of the late Dr. and Mrs. James Townsend Wolfe of New Orleans, and was 44 years of age. He lived here with his grandparents Mr. and Mrs. Nicholas Burg the greater part of his life and attended school at St. Stanislaus from which institution he graduated.

He is survived by his wife, the former Miss Edwige Eagen, one daughter, Mrs. Charles B. Mollere, Jr., and two sons John C. and James Townsend, Jr., and one brother Dr. Marion J. Wolfe.

A good husband, a good neighbor, a good citizen, has passed on. Pallbearers were: Dr. Marion J. Wolfe, Marx Anderson, Harper J. Lewis, New Orleans. Robert H. Horgan, Gautier; Robert Portwood, Gulfport, George F. Stevenson, and Major Hoefel, and Brewster Mollere, Bay St. Louis.

She was taken to Hotel Dieu in New Orleans about two weeks ago, and later transferred to the Charity Hospital where it was thought that a better diagnosis of the illness could be made.

She was buried on Wednesday evening from the home of her grandparents Mr. and Mrs. Alfred Bourgeois, in Waveland, with services at St. Clair's Church in Waveland, with Rev. Father M. J. Costello, officiating.

APPLICATIONS FOR RED CROSS STORM AID TO CLOSE NOVEMBER 5TH.

November 5th has been set as the date for closing the applications for Red Cross Storm Aid, according to Charles B. Cooper, Director of Disaster Relief in the Hancock County Area. This means that no new applications will be received after that date.

People who have already registered with Red Cross can be assured, Mr. Cooper added, that their cases will receive full consideration and that trained disaster personnel will remain in the County until all cases have been disposed of.

The recent forest fires in Maine have required Red Cross Disaster Relief and a Red Cross communique received at the Red Cross Disaster Office at 131 Carroll Avenue describes emergency conditions which are reminiscent of scenes which prevailed in Hancock County during the week following the Gulf Coast Storm.

Immediately following the first announcement, top Disaster personnel from the National Headquarters and the North Atlantic Area were flown to Maine and disaster field offices were set up in Beddeford, Ellsworth and Kennebec Port. With 406 homes and 130 cottages destroyed 1,700 people were being housed in Red Cross shelters and 15,000 being fed in Red Cross and by Mobile Canteens. With 10,000 fire fighters working feverishly to halt the advancing flames, many First Aid Stations were set up and over 400 people were given First Aid while blood plasma was made available to all physicians.

As soon as emergency needs have been met, rehabilitation of families will be carried out by Red Cross in exactly the same manner as was seen in Bay St. Louis and according to the regular established disaster policies of the organization.

Tigers Defeat O. L. V. By Score 12-7

The Bay High Tigers, picking up momentum with each game, defeated O. L. V. of Pascagoula last Thursday night by a score of 12-7. The local boys were playing inspired ball and were on their opponents 6 yard line in the fourth period with a first down when a 15 yard penalty was assessed against them, probably costing another score.

The Tigers journey to Richton on October 31 for their next tilt, and then meet G. C. M. A. and Long Beach in Bay St. Louis on succeeding week ends.

STUDENT ACTIVITY

bin offering, for the young lady's marquee-calibre associates are more numerous than her songs. The presence alongside her of William Bendix, Tom Drake, Adolphe Menjou, Walter Catlett and Franklin Panghorn provides showmen with billing material in abundance whereas the script gives her only three opportunities to utilize the singing voice so admired by her faithful followers. The box office equation seems to rest for answer on the decision of her public with respect to the somewhat marked shift of emphasis.

The script, adapted by producer Felix Jackson from a Preston Sturges screenplay entitled "The Good Fairy," brings Miss Durbin to New York from a small town to seek a job, preferably as a singer. Drake plays a young attorney whom she meets on her first day in town and Bendix portrays a waiter who appoints himself her informal guardian, but the plot just simmers along until she falls under the eye of a millionaire played by Menjou, who has big ideas about financing a career for her on terms of his own. She tells him she is married to Drake, without telling Drake, and the millionaire gives him a job as a means of getting him out of town, and preparing a way for the girl to obtain a divorce. Everybody's plans go awry, finally, and the girl gets the boy, without much clarification of loose ends, by fade-out time.

Produced by Jackson and directed by William A. Seiter, the film is a leisurely and for the most part pleasant item of entertainment, regrettably handicapped to some extent by inclusion of the business about the millionaire's romantic aspirations and plans for realizing them.

Let the People Speak Out
for **BILL COLMER**

WALTER SILLERS, Speaker of the House: "In my opinion Congressman Colmer is the man the people should elect. He is an able, experienced statesman and stands foursquare for constitutional government of law and order, the American way of life, and our cherished Southern traditions."

DR. J. T. WEEKS, prominent physician of Jackson, states: "Bill Colmer is a modest, conscientious and sincere gentleman, whose hard work, training and knowledge particularly qualify him to represent the people of Mississippi in the U. S. Senate at this time."

W. T. WYNN, prominent Delta attorney and planter, says: "It is my belief that Mr. Colmer's record of many years, his thorough knowledge of foreign affairs, makes him eligible to move into the Senate as a veteran to lend support to the Marshall Plan, to combat Communism, and also head off the radical labor leaders who have misled the rank and file of fine men in labor."

JOHN A. BILBO, brother of the late Senator Theo. G. Bilbo, says: "I am voting for Bill Colmer. I am not asking you to vote for him because I am supporting him, but I am asking you to support him because he is the best-qualified man in the race."

VETERAN JAKE W. LINDSEY, Congressional Medal of Honor Holder from Lucedale, Mississippi, says: "I am supporting Congressman Colmer not only because he is a World War I veteran and the father of three World War II veterans, but because his experience and qualifications are such that he can and will do more to promote world peace than the other candidates in this race."

FARMER C. R. QUINN, of Jefferson Davis County, says: "I am supporting Bill Colmer because of his knowledge of the farmers' problems and consistent support of legislation for our benefit. The farmers of Mississippi can count on him as one of their truest friends in the United States Senate."

MRS. ROBERT HENRY, Mississippi's First National Democratic Committee woman, has this to say about Bill Colmer:

"After making a study of Mr. Colmer's record, I feel that he is the one person who is most qualified to serve as our United States Senator in these terrible times. His leadership in the United States Senate will prove invaluable not only to all Mississippians, but to our nation as a whole."

WILLIAM D. Sisson, Commercial-Appel Washington Correspondent: "Colmer without fanfare checkmated FEPC bill's fervid supporters."

RAY MURPHY, Past National Commander, American Legion: "You contributed greatly to our success."

JAMES E. VAN ZANDT, Past National Commander-in-Chief, Veterans of Foreign Wars: "To you belongs much of the credit relative to our success."

CLYDE ELLIS, Executive Manager, National Rural Electric Co-operative Association: "Bill, we are grateful to you..."

CLINTON P. ANDERSON, Secretary of Agriculture: "Consistently supported constructive agricultural proposals."

JOHN J. McCLOY, President of the World Bank: "You are one of the finest public servants I have ever met."

AN IMPORTANT JOB WELL DONE

A fellow dropped into Andy
Botkin's place the other day;
had a friendly glass of beer, and
asked if he could look the place
over.

"Haven't I seen you here be-
fore from time to time," asks
Andy, showing him around. The
fellow says he's a representa-
tive of the brewing industry—
checking up on places that sell
beer—as part of what the brew-
ers call their "self-regulation"
program.

And Andy doesn't take of-
fense at being checked on. It's
to his interest to see that places
selling a moderate drink like
beer are pleasant, homelike.

and law-abiding. When they
aren't, the brewing industry
tells them—"Correct this con-
dition or get out of the indus-
try."

From where I sit, it's a far
cry from those outlay-operat-
ed dives that flourish in the
"dry" counties to a place like
Andy's which is clean and or-
derly—and open for inspection
day or night—to you, a brewing
industry representative or a
law-enforcement officer.

The People Stand By

JUDGE JOHN C. STENNIS

Despite unscrupulous attacks of every nature, the
people of Mississippi have not been misled, and Judge
John Stennis is still the overwhelming choice of the
plain people everywhere for the United States Senate
on Nov. 4th. These attacks, both open and underhanded,
have been inspired solely because Judge Stennis is the
leading candidate. The attacks have failed because
Judge Stennis' record is spotless, because the people
prefer good government to name-calling.

MISSISSIPPI OIL AND GAS *Views* by Jack Hancock

For the first time since Tinsley field was discovered in 1939, Yazoo county last month lost its title as Mississippi's greatest oil producer. Lincoln county wells produced more oil and its producers paid more taxes to the county of the state's first oil field. While national figures show that Mississippi has moved into ninth place among the 48 states as a producer, the state is passing 100,000 barrels per day; and new fields assured in two downstate counties, drilling activity for the remainder of the year is expected to be high at a season when things are slow. It is this unpredictable business. Other items of general interest have been the abandonment of one county that watched wildcat in Hinds county. The reported shows of oil sand in another, and test some distance away, and a continuance of wildcat activity in the delta section, which if successful will help maintain Mississippi again into the active picture.

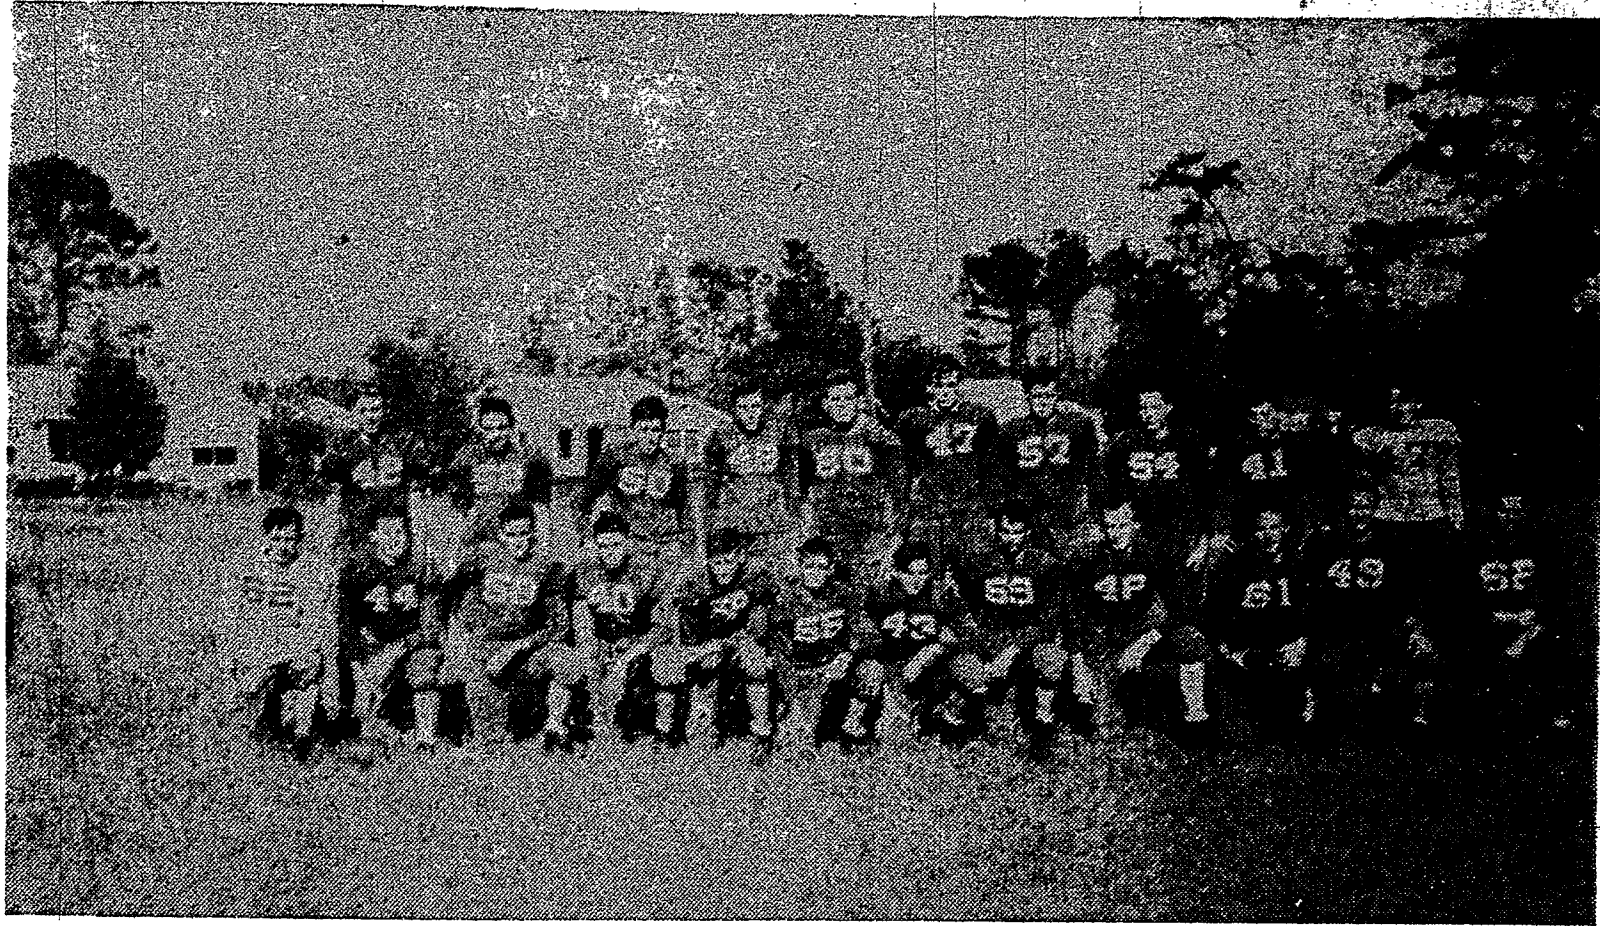

Mississippi will pass both these states and take over as seventh in the Texas, and Louisiana all the states; but maybe you didn't know that California is second; Louisiana is third, a little ahead of Oklahoma, with Kansas and Illinois running fifth and sixth.

Undaunted by 99 "dry holes" drilled so far this year, wildcaters and field drillers continue to spend millions of dollars in Mississippi in the search for oil pools. According to Mr. Morris's own figures, there have been 346 completions so far this year; of these 99 were drilled to depths ranging from a few thousand feet to below 12,000 feet. All of these were not wildcats, some being on good prospects in proven fields or on the edge of fields, which would have been "field extensioners" had they been successful. Actually completed wells are 224, and of these gas wells 23. Since none of these wells were completed early in the year on state permits granted a year ago, and since the state has granted 356 permits-to-drill this year, it is apparent that there are several more "on deck" and new ones cooking.

Of the three new fields discovered

Yazoo can still boast the state's best producing field, however, even in the face of a drought. August showed a record 555,982 barrels; the second highest was Jasper county's Heidelberg field with 528,000; Baxterville field in Lamar county and Brookfield field in Lincoln were tied with 420,000; and the Crawford field in Adams county had but 384,000 barrels. There are so many angles in Mississippi's future in oil re- spected by these monthly tax fig- ures that a whole page could be written about them; but that is not your job. However, what you will want to know that joins Yazoo and Lincoln counties both is that the latter's field-openers are in the center of the land packs and development is expected to be slower but thorough. Hinds county remained in the wildcat picture as mud from it of oil were reported in Brownsville; while late oil tests were called disappointing and not indicating commercial value, Gulf is going deeper in hopes of scratch- ing a better pay zone. Continental Oil company's recently gave up its Hinds county test. It was matched, ten miles west of Raymond,

How much the oil and gas industry means to Mississippians is indicated by figures compiled by experts from all known reliable sources, which show that there are now more acres of oil and gas land in Mississippi under lease for oil and gas development; owners of the land are being paid more than \$7,000,000 annually; more than 100,000 people are employed by oil and gas major companies just for lease payments—a crop well worth cultivating.

Forty-eighth Anniversary 1899-1947

As Hancock Bank observes another anniversary, the Mississippi Gulf Coast recovers from a devastating hurricane.

During the forty-eight years of this bank's existence the people of the Mississippi Coast have ridden other storms. They have experienced at least four business booms, have suffered equally as many depressions and have survived three wars.

Younger men and women, unfamiliar with our inspiring past, are prone to ask, "How long will this hurricane set us back?" They have not seen our people meet the tests of storm and stress with enterprise and spirit. They have not been given the opportunity to take the measure of our reserve strength and resourcefulness.

To the credit of our courageous citizenship it has risen from every disaster with renewed faith and increased effort. It accepts every disappointment as a challenge to its pluck and zeal and springs back stronger than ever. That is our enviable reputation.

During the recent disturbance our people again demonstrated their determination, as they cleared away what wind and water had reduced to rubbish, and made bold plans for the future. A hurricane becomes but a stumbling block and interruption along the promising way that leads to a more picturesque and prosperous community.

It should be of some consolation to those who have suffered, and bring civic satisfaction to those who have not, that we live among neighbors who meet the inevitable with perseverance; that our people are made of the kindly and courageous stuff that forms Character and builds communities.

Out of such intangibles happiness is formed and prosperity created. Out of like material cities grow, and upon such a firm foundation we erect a more enduring structure. In such achievement we set the good example for those who come after us, as did those who have gone before.

WANTED TREE CLIMBER, MUST BE GOOD

Residents Of Clermont Harbor Give Thanks

The residents of Clermont Harbor who are thankful to Almighty God for sparing our lives during the terrible hurricane of September 19th, 1947—now wish to thank the various organizations and many individuals who contributed most generously to help relieve the desperate situation which existed here following the storm.

We wish to thank first of all Mr. and Mrs. Albert Garcia, Mrs. Eva Ladner, and Mr. and Mrs. Rice, Mr. and Mrs. Willie Ladner, Mr. and Mrs. John Saleeby, Mr. and Mrs. Frank Klein, for their protection during the storm as these six families sheltered all the evacuees in Clermont Harbor.

The home and grocery store of Mr. and Mrs. Albert Garcia was turned into an emergency first-aid station where our injured and homeless were given medical aid, food and shelter for many days.

The heroic work of a group of our young men during the storm has been credited with saving many lives. Messrs. Harold, Floyd and Fritz Garcia, Mr. Herman Johnson and I. J. Williams, Jr., of Clermont and Mr. Archie Courge of Lakeshore made repeated trips in a boat back and forth to the beach area, rescuing many families who had not evacuated.

As representatives of Hancock County Mr. Ed Ortte, Mr. Walter J. Gex and Mr. A. G. Favre, sent us much needed relief in the form of food, clothing and milk, all of which was distributed under the capable guidance of Miss Vanda Lee Toquet, Mr. Delmar Wilcox, Mr. Charles Schwartz, Jr., and Mr. Albert Garcia. As this relief came first to Clermont and arrived when so desperately needed, it was deeply appreciated by all.

Mr. and Mrs. Victor Thian rendered assistance to any individuals here by distributing food and Mrs. Thian voluntarily served in the care of the injured.

To all of our personal friends and many anonymous donors, too numerous to mention, we are very grateful for all help received.

The most outstanding individual help given was contributed through the generosity and kindness of Mr. and Mrs. James Roos of Clermont Harbor and New Orleans. Suffering from heavy loss themselves, due to the storm, nevertheless Mr. and Mrs. Roos have helped many families in Clermont Harbor, Lakeshore and Ansley by giving financial aid

WEDDING OF INTEREST

Mr. Harry Lynch, son of the late Mr. W. H. Lynch, Sr., and the late Mrs. Theresa Hac Lynch, both of Gretna, La., and Miss Louise Abigail Chadwick, daughter of Mr. Dan Chadwick and Evelyn Herlihy Chadwick, both of Waveland, Miss., were married at a Nuptial Mass in St. Clair's church with Rev. M. J. Costello officiating, on October 20th, 1947. Mrs. Ed Carrere sang Panis Angelus and Schubert's Ave Maria, accompanied by Mrs. A. J. Bordages on the organ.

The bride wore a light gray suit with forest green accessories and carried a missal adorned with a white orchid and streamers of tube roses. The bridesmaid wore a melon colored suit with brown accessories and carried an old fashioned bouquet.

Immediately after the ceremony a reception was held at the home of Mr. and Mrs. Charles Mollere, uncle and aunt of the bride. The reception rooms were decorated with white gladioli and fern. The bride's table was covered with a heavily embroidered cloth of cut work and filet with a four tiered wedding cake surrounded by tube roses and fern as a centerpiece and with silver candelabra on either end. Refreshments were served on the patio, which surrounded by ferns and banana trees gave a tropical atmosphere.

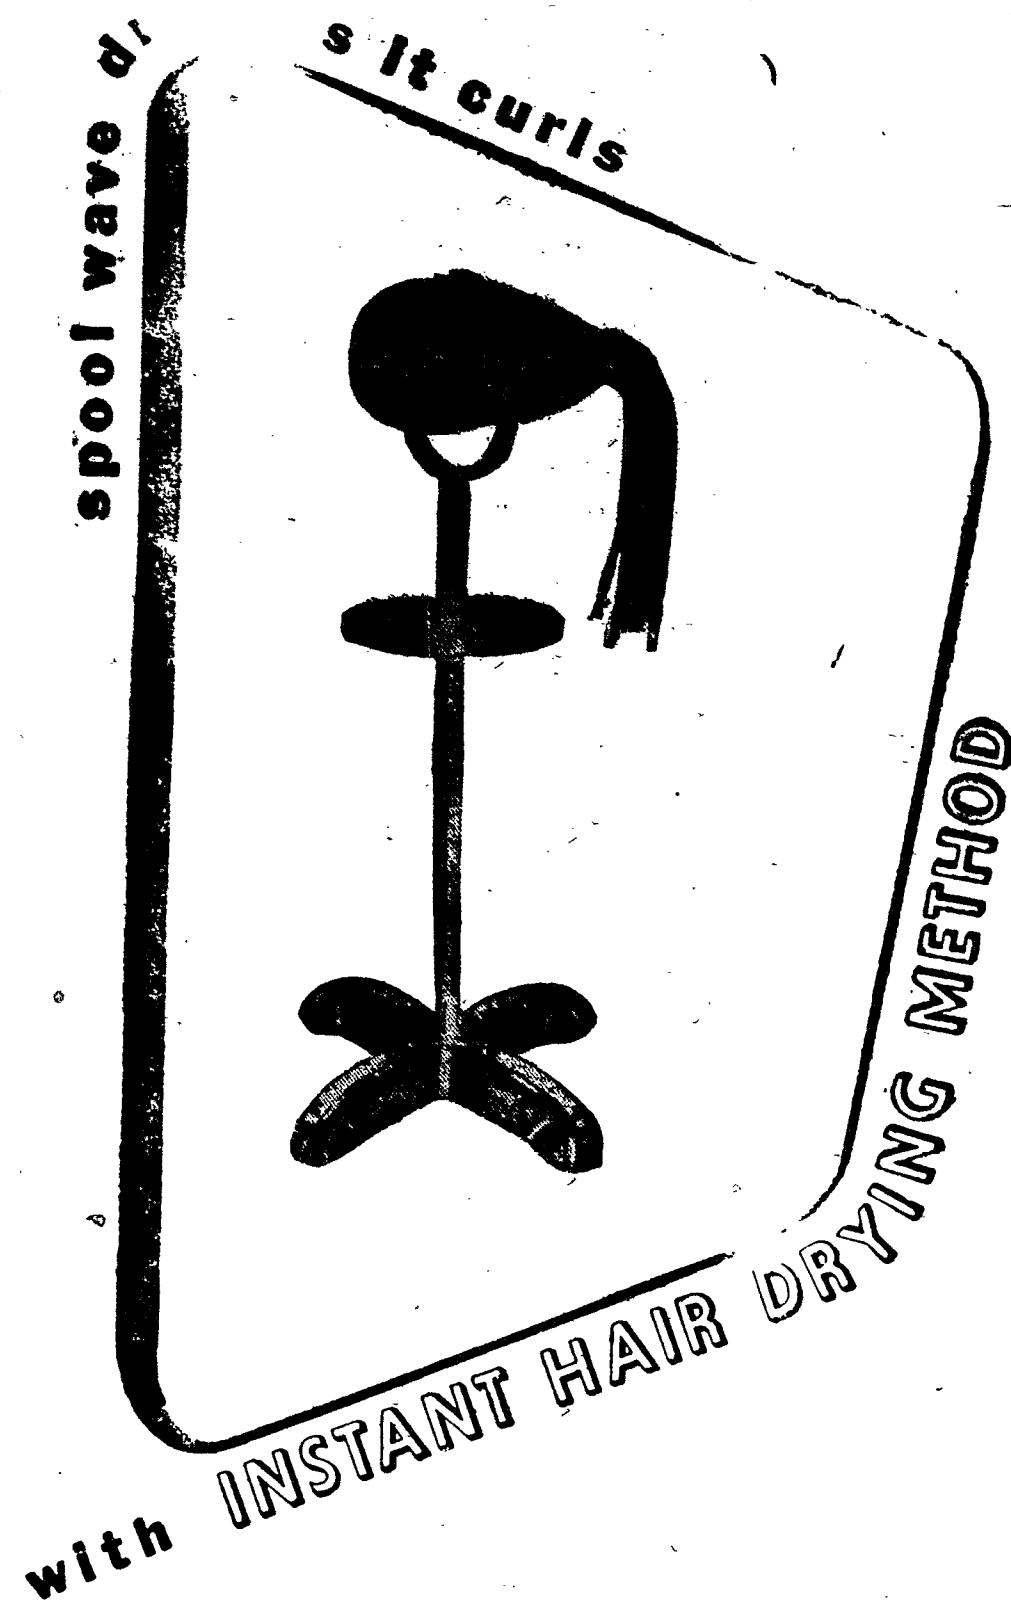

The bride and groom left for a two weeks extended trip and on returning will be at home at 143 Coleman avenue.

Out of town friends and relatives were Dr. and Mrs. J. F. Stumpf and daughter Susan sons John and Harry, Mrs. Josephine Knight, Mr. and Mrs. N. B. Knight and daughter, Karen; Mrs. M. L. Driscoll, Senator and Mrs. A. Stumpf, Mr. and Mrs. Jack Knight and son, Roger; Dr. and Mrs. Bernley White and daughter, Sevilla and son Bernley, Jr.; Mrs. Ed Schroth, Mrs. Edwin Socola and daughter Morel, Mrs. R. Mestayer, Mrs. Metzer, Mrs. E. Cline, Miss Mary Chadwick, Mrs. J. Rooney, Mrs. C. Beaudreaux, Mrs. Charles Griffin and daughters Jerry and Mary of Plaquemine, La., Mr. and Mrs. A. and distributing blankets, clothing, food and many other gifts.

We also wish to thank collectively, the Beach Drug Store, the Army, the Red Cross, and our summer residents who so kindly opened their homes to all who were homeless—many of which are still being occupied.

Supervisor Ed. P. Ortte Asks For The Election Of And Expresses Reasons Why He Is Supporting Bill Colmer.

On November 4th., the people of the State of Mississippi will be called upon to cast their vote for a successor to the late Senator Theodore G. Bilbo.

The office of United States Senator is the greatest within the gift of the people of our State. It is important that we elect a man who measures up to every qualification so necessary to make us a good Senator.

BILL COLMER, who has represented us in Congress for the past 14 years is a candidate for this high office, and I feel that he is eminently qualified through his experience in the house to make Mississippi an outstanding Senator.

It is not my purpose to attempt to dictate to the people of Hancock County how they should vote, however I have been thrown in contact with Bill Colmer since I have held an official position in Hancock County, and I have found that he has always come to the front in any matter that was of benefit to the people of his district.

He has been responsible and carried on the fight, and succeeded in passing a bill for the rehabilitation of the oyster reefs in the Mississippi Sound. It was mainly through his efforts that President Truman allotted \$100,000.00 to be used on the Gulf Coast following the hurricane of September 19th., and he is now working for an additional allotment which will probably be granted. He is working to secure legislation where Congress will appropriate money for the repair of the storm damage to our roadways and seawall. At the present time surveys are being made, at his suggestion, covering our storm damages, preparatory to his introduction of the necessary bills.

In all of these matters I have been closely associated and have worked with Bill Colmer and I have always found him open to any suggestion that would redound to the benefit of our people.

We on the Gulf Coast need BILL COLMER in the Senate. It will mean much to us. We should actually be selfish in this view point and cast our vote for him regardless of any personal feeling, knowing full well that as and when he is elected to the Senate we will have an able representative and one who has our welfare at heart. Today he commands the respect of his colleagues and is one of the most influential members of the Congress. His election to the Senate will lend more to his influence, enabling him to secure much needed legislation for the aid of this stricken area. In doing this he will relieve the people of Hancock County of much taxation and if this appropriation is made it will give much employment.

At the present time war clouds are hanging over our Country and today he stands head and shoulders over any man in Congress, in matters pertaining to foreign affairs. Having been Chairman of the Post War Economic Planning Committee, and as its Chairman he interviewed the heads of thirteen European Countries, including STALIN, CHURCHILL and ATLEE. His suggested legislation on Russian affairs will be adopted at the coming session of Congress as our policy toward that Country.

It has been my pleasure to have been in many meetings with BILL COLMER on affairs pertaining to Hancock County and the Mississippi Gulf Coast, and I certainly have been able to work with him, and having the welfare of the County at heart. I feel that we should not pass up the opportunity of helping to elect a tried and true friend to the United States Senate. In his election we will have a representative that we can call on at any time, and with whom we can sit down and discuss our affairs, and who shall be everready to serve us.

May I urge you to cast your vote in this election. There will be no second primary. THE HIGH MAN WILL WIN. Your vote for BILL COLMER may mean his election. Do not fail to go to the polls and vote for him.

Respectfully,

ED. P. ORTTE
